

**2005 ANNUAL
SECURITY REPORT**
(Released October 1, 2005)

A GUIDE

TO

SUBSTANCE AWARENESS

AND

CAMPUS SAFETY

FOR
MONTGOMERY COLLEGE
STUDENTS, FACULTY,
AND STAFF

CAMPUS SECURITY PROCEDURES

Policies and Procedures

In compliance with the Crime Awareness and Campus Security Act of 1990, the following Montgomery College Campus Security procedures are provided:

- A. Montgomery College encourages all campus personnel to report any criminal activities and emergencies to the respective campus Safety and Security Office:

Germantown Campus

287 Sciences and Applied Studies Building

301-353-7777 (on campus, x7777)

Rockville Campus

101 Counseling and Advising Building

301-279-5111 (on campus, x5111)

Takoma Park Campus

211 The Commons

301-650-1600 (on campus, x1600)

Blue light emergency phones are placed throughout each campus. These phones ring directly to the Safety and Security Office.

- B. While Montgomery College is an open-access campus, the buildings are restricted to authorized users, currently registered students, faculty, staff, library patrons, and those persons who have contracted for the use of the campus or a facility. If a student, faculty, or staff member needs building access after hours, they must come to the Safety and Security Office to gain admittance. Montgomery College does not have dormitories. All three campuses maintain good lighting throughout the inner campus and parking lots. Controlled access locks limit access to building classrooms and spaces containing valuable property or confidential material. Closed circuit television monitors are used on a limited basis for asset protection. Security officers maintain continuous foot, bicycle, and vehicle patrol on the campuses. Each campus Safety and Security Office operates 24 hours per day, and each security officer has portable radio communication with the Safety and Security Office, which can summon local public safety agencies as needed.

- C. Montgomery College Safety and Security officers have the authority to ask persons for identification and to determine whether individuals have lawful business at Montgomery College. Montgomery College security officers have the authority on campus to issue parking tickets, which are billed to financial accounts of students, faculty, and staff. Safety and Security officers do not possess arrest power. Criminal incidents are referred to

the local police who have jurisdiction on the campus. The Safety and Security Office at Montgomery College maintains a highly professional working relationship with the Montgomery County Police Department, Rockville City Police, and Takoma Park Police. All crime victims and witnesses are strongly encouraged to immediately report the crime to campus Safety and Security Office and the appropriate police agency. Prompt reporting will assure timely warning notices on campus and timely disclosure of crime statistics.

- D. While Montgomery College and environs are relatively safe, the Safety and Security Office is committed to promptly informing the College community of incidents that occur on the campuses. A well-informed community is better able to protect itself against the occurrence of crime. The campuses are informed by:

Security Alerts: Red flyers are widely distributed and posted on bulletin boards in conspicuous places around the campus to alert the community immediately of Clery Act reportable incidents that occur on campus. The Safety and Security Office has a self-imposed policy to distribute alerts within 24 hours of receiving a report of a crime against a person on campus (murder, sexual assault, robbery, and aggravated assault).

Student Newspaper: Within this student-run publication is a section titled "Security Report" where all incident reports are summarized and reported.

- E. The Safety and Security Office prepares articles for publication in the student newspapers, radio segments, and TV slots. In addition, it offers assistance in giving crime prevention programs to various clubs. These programs, held at the beginning of each semester, inform students and employees about crime prevention measures and campus security procedures and practices, and encourage personal responsibility for their own security and the security of others.
- F. The Safety and Security Office works closely with local law enforcement agencies that monitor off-campus sites.

- G. It is the policy of each campus Safety and Security officer to complete a written report within 24 hours for all reportable incidents pursuant to 20 United States Code Section 1092 (f), the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. Each cam-

pus Safety and Security supervisor is responsible for ensuring proper report classification, utilizing the FBI's Uniform Crime Reporting (UCR) procedures. The Rockville Campus Safety and Security Supervisor prepares the annual Clery Act Report accumulating data from the Safety and Security Office records, local law enforcement agencies, and collegewide campus security authorities, including deans, department heads, and other college entities that have responsibility for student and campus activities. It is the policy of Montgomery College to accept crime reports from all persons, to handle the information and source confidentially, and to make timely crime notices and disclosure of crime statistics from these reports.

- H. The Campus Sex Crimes Prevention Act requires sex offenders to notify states when they enroll or become employees at an institution of higher education. Information provided by the State of Maryland concerning registered sex offenders may be obtained from the Department of Public Safety and Correctional Services. Maryland's sex offender registry can be found online at <http://www.dpscs.state.md.us/sor/>. The Montgomery County Police Department's Sex Offender's Registry Listing can be found online at <http://www.co.mo.md.us/services/police/vsd/sohome.htm>.

Campus Security Services

Visible Uniformed Patrols

- 24-hour foot and motorized coverage of campuses
- bicycle patrol for day and evening, as weather permits
- marked security vehicles patrol the campuses

Investigative Services

- campus officers enjoy a close working relationship with police departments in Montgomery County, Takoma Park, and Rockville City, and work together to solve crimes reported to these organizations
- officers work closely with the College administration to handle problems
- every attempt is made to identify perpetrators and recover property

Security Escort Services

Officers are available 24 hours a day to provide walking escorts. Call the Safety and Security Office on the campus you attend (See "A" under Policies and Procedures)

ALCOHOL / DRUG ABUSE

Introduction

This section of the brochure has been developed to provide a comprehensive overview of the health risks and legal implications related to alcohol and other drug use, and to serve as a reference for resources available to students, faculty, and staff at Montgomery College.

Since substance abuse is one of our primary concerns relative to the health and welfare of members of the Montgomery College community, we hope this guide is helpful to all who need assistance.

We express our sincere appreciation to all the agencies represented in this publication and for the information they provided.

Philosophy

All members of the academic community—students, faculty, and staff—share the responsibility for protecting the Montgomery College environment, and all are expected to exemplify high standards of professional and personal conduct. The illegal or abusive use of drugs or alcohol by members of the Montgomery College community adversely affects the educational environment. Montgomery College is committed to maintaining a learning environment that is free of illegal drug use and alcohol abuse.

In keeping with its primary purpose, Montgomery College will utilize educational strategies as its major approach to this problem. Everyone should be aware, however, that any member of the College community who uses illegal drugs or abuses any drug, including alcohol, may be subject to prosecution and punishment by the civil authorities and to disciplinary proceedings by the College.

Individuals who are using drugs should stop. This policy does NOT punish people who seek rehabilitation. All information provided by people who voluntarily avail themselves of drug or alcohol counseling or rehabilitation services will be confidential. It will NOT be used against the individual.

Montgomery College's Policy on Drug and Alcohol Abuse Prevention

On May 15, 1989, the College Board of Trustees underscored its commitment to drug and alcohol abuse prevention by adopting the following policy:

- I. The Board of Trustees is committed to the education of students, employees, and community members regarding substance abuse prevention, detection, and treatment services; to the continuation of a collegewide substance abuse prevention program and other ongoing efforts which

"Montgomery College is an institution in which students, faculty, and staff can feel secure to study and work. To ensure and uphold this environment, the College has instituted policies and procedures regarding campus security, substance abuse, and sexual offenses. This information is being sent to you to inform you of the College's policies and how the College will enforce these policies. Please read the information carefully; it is designed to preserve a safe environment for all."

—Vivian M. Lawyer
Chief Human Resources Officer

foster such education; and to the maintenance of a drug-free environment throughout the College.

- II. The unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited at Montgomery College.
- III. College employees and students are subject to appropriate disciplinary action for violation of this policy, in accordance with College policies and procedures regarding employee discipline and discharge and in accordance with the student code of conduct.
- IV. The College president is authorized to establish procedures to implement this policy.

Educational Efforts to Prevent Substance Abuse

In keeping with its primary mission of education, Montgomery College conducts a strong educational program aimed at preventing alcohol abuse and illegal drug use. Educational efforts are directed toward all members of the College community and include a variety of educational lectures, presentations, films, and other programs on substance abuse prevention open to both students and employees. In general, the programs include information about the incompatibility of the use or sale of illegal drugs with the goals of Montgomery College; the health hazards associated with illegal drug use; the incompatibility of drug abuse with the maximum achievement of educational, career, and other personal goals; and the potential legal consequences of involvement with illegal drugs.

Counseling and Rehabilitation Services

The Board of Trustees authorized establishment of a Faculty/Staff Assistance Program in 1987. The program includes a counseling and referral service available to all employees who seek assistance in resolving

problems such as alcohol or drug abuse. A local community hospital provides the service in a confidential setting. New employees receive information about the program at orientation. Newsletters and other information are sent to employees throughout the year.

Student Development counselors are available to students for confidential crisis intervention. The focus of these sessions is problem identification and referral.

An extensive listing of local resources available to employees and students seeking drug or alcohol counseling and rehabilitation services is provided in this brochure. Information about the health risks associated with drug and alcohol use is included in Appendix A.

Disciplinary Actions to Prevent Substance Abuse

Students, faculty, and staff are responsible, as citizens, for knowing about and complying with the provisions of federal, state, and local law regarding illegal substances. For information, the federal penalties for certain drug-related offenses are summarized in Appendix C. Any member of the College community who possesses, uses, or sells alcoholic beverages or illegal drugs are subject to College disciplinary action. Additionally, prosecution and punishment by civil authorities may occur, through enforcement of Maryland and Federal laws. This includes enforcement of Maryland's underage drinking law.

The College will initiate its own disciplinary proceedings against a student, faculty, or staff member when the alleged conduct is deemed a violation of College policies and procedures. Penalties will be imposed by the College in accordance with procedural safeguards applicable to disciplinary actions against students, faculty, and staff. Penalties range from written warnings to expulsions from enrollment and discharge from employment. In accordance with Board policy, students are subject to disciplinary action as set forth in the student code of conduct and employees are subject to the sanctions set forth in applicable policies and procedures.

As provided by federal law and regulations, employees participating in a grant-supported activity, who are convicted of a criminal drug offense involving a violation in the workplace, must notify the College within five (5) days after such conviction and are subject to appropriate action by the College. The action may be to require participation in an approved rehabilitation program or disciplinary action up to and including termination.

SEXUAL OFFENSES POLICY

I. Prohibition

The College prohibits and will not tolerate sexual offenses by an employee, student, or participant in a College-sponsored program, or by any individual present on the College's premises. For purposes of this Policy, the College's premises include any property that it owns or leases or that it has permission to occupy for the purpose of conducting a College-sponsored program.

II. Definition

Sexual offenses are defined as nonconsensual, physical conduct of a sexual nature, whether with a member of the same gender or the opposite gender.

A forcible sex offense is any sexual act directed against another person, forcibly and/or against the person's will; or not forcibly or against the person's will where the victim is incapable of giving consent.

A nonforcible sex offense is an unlawful, nonforcible sexual intercourse, such as: (a) incest (nonforcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law), and (b) statutory rape (nonforcible sexual intercourse with a person who is under the statutory age of consent).

III. General Explanation

Although, generally, a sexual offense under this Policy is sexual contact with another individual that constitutes a criminal offense under the laws of the state of Maryland, certain nonconsensual, physical conduct of a sexual nature may constitute a sexual offense under this Policy even though it does not constitute a crime in the state of Maryland. Conviction of a criminal offense is not necessary to a finding of commission of a sexual offense under this Policy, whether or not the sexual offense is a crime in the state of Maryland.

A sexual offense includes what is now commonly referred to as "acquaintance rape" or "date rape." For example, if two individuals, consensually, engage in one or more acts of sexual conduct, there will be no sexual offense. However, an individual's consent to engage in one or more acts of sexual conduct does not imply, and shall not be deemed to constitute, consent to engage in any other act of sexual conduct.

Further, an individual will not be considered to have consented to an act of sexual conduct if, for any reason, such individual is incapable of appraising the nature of the conduct or if the person is mentally or physically impaired or is prevented from resisting another individual's demands or requests to engage in such conduct. An individual shall also not be deemed to have consented to engage in sexual conduct if such individual was induced to engage in such conduct because of a promise or threat (by an individual reasonably perceived by the alleged victim to have the authority to effect such promise or threat) to favorably or adversely affect such individual's employment or academic status.

Finally, it is to be noted that a sexual offense will always constitute an act of sexual harassment under the College's Sexual Harassment Policy,

although, depending on all surrounding circumstances, an act of sexual harassment that involves physical contact will not necessarily constitute a sexual offense under this Policy.

IV. College Aid to Victims of a Sexual Offense

An individual who claims to be a victim of a sexual offense may notify any College administrator or any campus Safety and Security Office. If a College administrator is notified of the commission of an alleged sexual offense the administrator shall immediately direct that individual to a dean of student development or a campus Safety and Security Office. The dean of student development or campus Safety and Security Office shall immediately inform the individual claiming to be a victim of a sexual offense (1) of his or her right to notify the appropriate law enforcement authorities, including the campus security office and local police; (2) of his or her right to file criminal charges with the appropriate law enforcement authorities; (3) of the importance of preserving evidence necessary to the proof of a criminal sexual offense and prompt notification of law enforcement authorities; and (4) of the name and location of the nearest hospitals equipped with the Maryland State Police sexual offense evidence collection kit.

The College shall assist an individual who claims to be a victim of a sexual offense in notifying local law enforcement authorities and in obtaining appropriate medical attention, including transportation to the nearest hospital equipped with the Maryland State Police sexual offense evidence collection kit, unless such assistance is refused by such individual.

The College shall also provide to an individual who claims to be a victim of a sexual offense immediate access to a professional counselor trained and experienced in dealing with sexual offense crises.

A victim of a sexual offense may request a change in academic situations after an alleged sexual offense. The College will notify the victim of the options for such change(s) and make such change(s) if the change(s) are reasonably available. To make such a request, students should contact director of equity and diversity or dean of student development.

V. Enforcement

Individuals found to have committed a sexual offense in violation of this Policy will be subject to disciplinary action in accordance with College Policy/Procedure, up to and including dismissal from employment or from such academic or other College-sponsored program in which such individual participates and/or may be barred from College facilities.

Any individual who learns of an alleged incident of a sexual offense shall inform the director of equity and diversity or dean of student development, who shall be responsible for contacting the alleged victim and, in addition to assisting the alleged victim as provided in Part IV of this Policy, informing the alleged victim of his or her right to

file a formal complaint and offering assistance in initiating such a complaint. Failure of a College employee to comply with these requirements will be treated as a failure to fulfill duties and may result in counseling and/or disciplinary action as appropriate.

VI. Procedures

Any individual who believes that he or she has been the victim of a sexual offense in violation of this Policy may file a complaint with the College's director of equity and diversity. All complaints will be investigated, and confidentiality will be maintained to an extent consistent with the College's duty to investigate the complaint. During any meeting or hearing conducted during the course of a disciplinary proceeding arising out of an alleged sexual offense, an individual who claims to be a victim of a sexual offense and the individual who is asserted to have committed such offense may have present with him or her a person of his or her choice, provided that the unavailability of such a person who is not a witness shall not be a reason to delay or postpone any meeting or hearing. Both the individual who claims to be a victim of a sexual offense and the individual who is asserted to have committed such offense shall be informed, in writing, of the outcome of any disciplinary proceeding arising out of a sexual offense.

No person will be retaliated against as a result of bringing a complaint of a sexual offense, except that an individual who files a complaint knowing that complaint to be false will be subject to appropriate administrative action, including dismissal from employment and/or any program of the College in which such individual participates.

VII. Educational and Guidance Programs

The College is committed to preventing sexual offenses on campus. The College president shall designate a College employee who will be responsible for the administration and development of education and guidance programs to promote the awareness of forcible and nonforcible sex offenses, including date rape and acquaintance rape. Students, staff, and other participants in College-sponsored programs are strongly encouraged to take advantage of these programs to further develop an understanding of what constitutes sexual offenses, steps which may be taken to prevent such conduct, and steps to be taken in the event such conduct does occur.

The College provides counseling, mental health, and other services which are available to victims of sexual offenses, information about which is available through the director of equity and diversity and the deans of student development. In addition, the director of human resources, the director of equity and diversity, and the deans of student development shall jointly compile a list of resources that, although not provided by the College, are available in the community to victims of sexual offenses, which list shall include the nearest rape crisis centers designated by the state of Maryland.

*** This category includes all on-campus incidents, including those listed in the category below, "In dormitories or other residential facilities." The two categories are duplicative, not cumulative. Montgomery College has no dormitories or other residential facilities.

Note: The Campus Security Act was amended in 1998 to enlarge campus geographic boundaries to include adjacent public properties and thoroughfares. This may result in increased reported numbers for 1999 and future years. 1997 & 1998 data reflects some increases and decreases from previous reports due to a review of cases and application of current reporting criteria. Additionally, arrests and disciplinary referrals for alcohol, drug, and weapons violations are now included. Data is collected and reported following the FBI Uniform Crime Reporting (UCR) system. Crimes involving injury that were motivated by hate or bias have a hate crime notation, (i.e.: Aggravated Assault 3 *ra-1*) The example shows a total of 3 aggravated assaults, of which, 1 was race motivated.

Key To Hate Crimes: Race = ra Gender = g Religion = re Sexual Orientation = s Ethnicity = e Disability = d

Federal Trafficking* Penalties

As of October 1999

Marijuana is a Schedule I controlled substance.

Marijuana

* Trafficking includes the manufacturing, distribution, or dispensing of, or possession with intent to manufacture, distribute, or dispense, a controlled substance.

CONTROLLED SUBSTANCES: USES & EFFECTS

	Drugs	Schedule	Trade or Other Names	Medical Uses	Physical Dependence	Psychological Dependence	Tolerance	Duration of Effects (in hours)	Usual Methods of Admin.
NARCOTICS	Opium	II, III, V	Dover's Powder, Paregoric, Parepectolin	Analgesic, antidiarrheal	High	High	Yes	3 to 6	Oral, smoked
	Morphine	II, III	Morphine, Pectoral Syrup	Analgesic, anti-tussive	High	High			Oral, injected, smoked
	Codeine	II, III, V	Codeine, Empirin Compound with Codeine Robitussin A-C	Analgesic, anti-tussive	Moderate	Moderate			Oral, injected
	Heroin	I	Diacetylmorphine, Horse, Smack	Under investigation	High	High			Injected, sniffed, smoked
	Hydromorphone	II	Dilaudid	Analgesic				Oral, injected	
	Meperidine (Pethidine)	II	Demerol, Pethadol	Analgesic					
	Methadone	II	Dolophine, Methadone, Methadose	Analgesic, heroin substitute					
	Other Narcotics	I, II, III, IV, V	LAAM, Leritine, Levo-Dromoran, Percodan, Tussionex Fentanyl, Darvon, Talwin, Lomotil	Analgesic, antidiarrheal, antitussive	High-Low	High-Low		Variable	
DEPRESSANTS	Chloral Hydrate	IV	Noctec, Somnos	Hypnotic	Moderate	Moderate	Possible	5 to 8	Oral
	Barbiturates	II, III, IV	Amobarbital, Phenobarbital, Butisol, Phenoxbarbital, Secobarbital, Tuinal	Anesthetic, anti-convulsant, sedative, hypnotic	High-Moderate	High-Moderate	Yes	1 to 16	Oral, injected
	Glutethimide	III	Doriden	Sedative, hypnotic	High	High		4 to 8	
	Methaqualone	II	Optimil, Parest, Quaalude, Somnafac, Sopor	Sedative, hypnotic	High	High			
	Benzodiazepines	IV	Ativan, Azene, Clonopin, Dalmane, Diazepam, Librium, Serax, Tranzene, Valium, Verstran	Anti-anxiety, anti-convulsant, sedative, hypnotic	Low	Low			
	Other Depressants	III, IV	Equanil, Miltown, Noludar, Placidyl, Valmid	Anti-anxiety, sedative, hypnotic	Moderate	Moderate			
STIMULANTS	Cocaine	II	Coke, Flake, Snow	Local anesthetic	Possible	High	Possible	1 to 2	Sniffed, injected
	Amphetamines	II, III	Biphetamine, Delcobese, Desoxyn, Dexedrine, Mediatric	Hyperkinesis, narcolepsy, weight control			Yes	2 to 4	Oral, injected
	Phenmetrazine	II	Preludin						
	Methylphenidate	II	Ritalin						
	Other Stimulants	III, IV	Adipex, Bacarate, Cylert, Didrex, Ionamin, Plegine, Presate, Sanorex, Tenuate, Tepanil, Voranil						Oral
HALLUCINOGENS	LSD	I	Acid, Microdot		None	Degree unknown	Yes	8 to 12	Oral
	Mescaline and Peyote	I	Mesc, Buttons, Cactus						Up to days
	Amphetamine Variants	I	2.5-DMA, PMA, STP, MDA, MDMA, TMA, DOM, DOB	None	Unknown				
	Phencyclidine	II	PCP, Angel Dust, Hog	Veterinary anesthetic	Degree unknown	High		Variable	Smoked, oral, injected
	Phencyclidine Analogs	I	PCE, PCPy, TCP	None					
	Other Hallucinogens	I	Bufotenine, Ibogaine, DMT, DET, Psilocybine, Psilocyn		None	None			
CANNABIS	Marijuana	I	Pot, Acapulco Gold, Grass, Reefer, Thai Sticks, Sinsemilla	Under investigation	Degree unknown	Moderate	Yes	2 to 4	Smoked, oral

APPENDIX A

Alcohol Effects

Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also increase the incidence of a variety of aggressive acts including spouse and child abuse. Moderate to high doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, also can lead to permanent damage to vital organs such as the brain and the liver.

Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk of becoming alcoholics than other youngsters.
